## COMING SOON

### New York Pizza

We are thrilled to announce that we have signed a 7 year deal with New York Pizza. We will be their 4th Location on the grand strand. We will now have authentic Italian pizza right at our fingertips. They will be delivering throughout the resort. No need to leave the resort or order outside of the resort. \*The Myrtle Beach Resort\* A Premier Destination

## *Resort Wide Happenings*

The Renaissance Tower just completed the renovation and reopening of their pool. They also have completed the back deck, the walkway, the showers, and landscaping. This is amazing news for our neighbors and the entire resort. The goal of one team, one resort, working for the homeowners is what we should all continue striving for. Our goal is to make MBR one of the premier destinations in all of Myrtle Beach.

During the last elections two new board members in the b-building we're elected. These new board members Mike and April are working hard to bring change, transparency, and forward thinking to their building and resort. The resort wide change and growth continues.

*It is summer again and the activities have started back. We have pool games, sandcastle contest, arts and crafts, pickle ball tournaments and much more. We will keep making announcements so you can inform your family, friends, and guests, of the days and times of these events. Also every Thursday evening at 8 PM there is a hula and fire show at the ocean front pool.*
